

Health

including anti-ligature,
vandal resistance and bariatrics

Sydney Melbourne Brisbane Auckland

ENVIRO-GLAZE: WHEN YOUR PROJECT REQUIRES THE STRENGTH OF STAINLESS STEEL BUT A LESS INSTITUTIONAL APPEARANCE, ENVIRO-GLAZE IS A HANDY OPTION. MANY RBA HEALTH PRODUCTS ARE AVAILABLE IN A WHITE ENVIRO-GLAZE FINISH. ENVIRO-GLAZE IS A DURABLE ELECTROSTATICALLY SPRAYED POWDER APPLIED TO THE FIXTURE, THEN CURED AT 200°C.

JUST LOOK FOR THE  LOGO.

FEATURE PROJECT

Bariatric Unit, Gold Coast University Hospital

When the design brief called for (1) Bariatric suitable toilets with the heaviest load rating available combined with a (2) non-institutional aesthetic, it was a perfect match for RBA's big double: the RBA8851-137 Bariatric WC coupled with the Big John Toilet Seat. The toilet features white enviro-glaze for aesthetics and larger footprint to avoid 'shearing' when the patient shifts weight from one side to another.
