Description

Model RBA8133-144 is a rear fixed stainless steel recessed shampoo shelf, suitable for secure or vandal prone areas. The unit is supplied with threaded stainless steel rods for thru-wall fixing. Unit is manufactured from 1.2mm satin finished stainless steel with internal corners ground and polished for hygiene and safety purposes.

Model RBA8133-100 is front fixed with fixings provided by others.

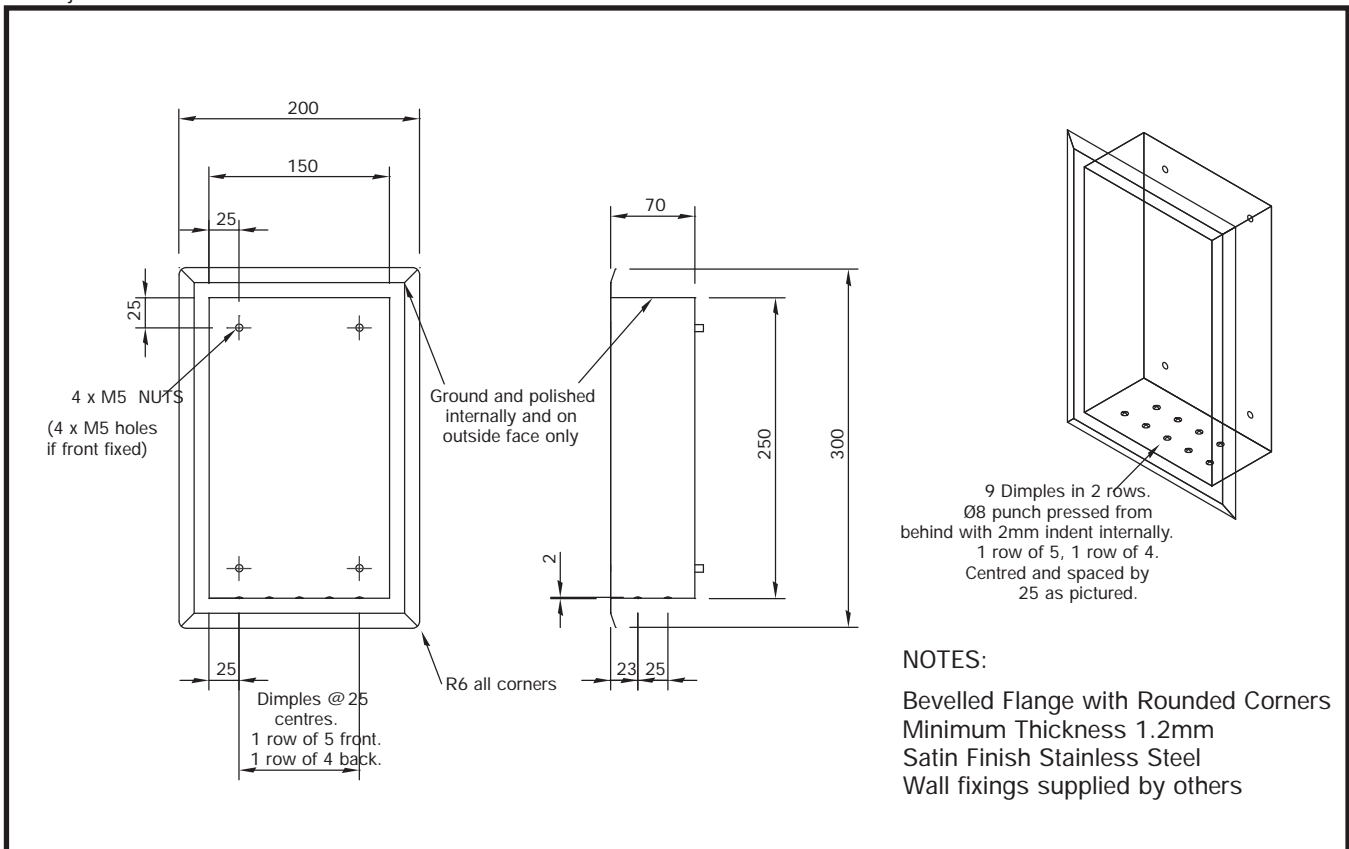

Installation

If rear fixed 4 x 15 diameter holes at 100mm horizontal, and 200 vertical centres, should be drilled through the wall to accept the fixing rods. Once the wall surface has been finished the unit can be installed, and nuts tightened from the rear.

If front fixed allow backing board for self tapping screws (supplied by others) for fixing unit.

ROUGH WALL OPENING - 260mm [H], 160mm [W], 80mm MINIMUM RECESS DEPTH

Important: Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice. The illustrations and descriptions herein are applicable to production as of the date of this Technical Data Sheet. Revised 04/12
